The Rhapsody by GTE

A modern electronic press-button telephone designed to look good in any modern home or office. It has an integral bell with volume control and is suitable for table/desk top use and wall-mounting. It also has a secrecy button which when depressed cuts off the microphone.

Rhapsody is available in beige, ivory, blue, or a light tan leather covering. The ivory and light tan leather versions are also available for business users requiring PBX recall.

The Rhapsody, supplied by GTE, is installed and maintained by British Telecom.

Call your local British Telecom Sales Office for further details on the Rhapsody. The address and telephone number are shown in the preface of your Telephone Directory.

For charges see separate leaflet.
